Kentucky's High Performance School (HPS) Journey

- Education

Who -(local decision makers)

Superintendents
Principals
School Boards
Facility Managers
Parents and Students
Local Architects and Engineers
Financial Officers

Why -

Explain Benefits
Manage Risk
It's more than Energy

What -

Acoustic Comfort
Commissioning
Day lighting
Energy Analysis Tools
Energy Efficient Building Shell
Environmental Site Planning
High Performance Electric Lighting
Environmentally Preferable Materials and Products
High Performance Heating/Ventilating/Air Conditioning (HVAC)

Renewable Energy
Safety and Security
Superior Indoor Air Quality
Thermal Comfort
Visual Comfort
Life Cycle Cost Analysis
Water Efficiency

High Performance School Workshops

Kentucky
**High Performance
Sustainable
Schools Workshop**

For School Administrators, Facilities
Directors, Architects & Engineers

**Thursday & Friday
March 23-24, 2006
Hebron, Kentucky**

Thursday, March 23, 2006

8:30 a.m. – 6:30 p.m.

- Characteristics and Benefits of High Performance Schools
- Kentucky Case Studies
- Site Visit to Twenhofel Middle School
- Reception

Friday, March 24, 2006

8:00 a.m. – 3:15 p.m.

- Site Visit to Caywood Elementary School
- Procuring a High Performance School
- The Cost of Building Green

Presenters include:

- Mark Ryles, Director of Facilities, Kentucky Department of Education
- Dr. Susan Cook, Superintendent, Kenton County Schools
- Robert Lape, Facilities Manager, Kenton County Schools
- Ehmet Hayes, AIA
- Andrew Piaskowy, AIA
- Tony Hans, PE

Workshop Hosted by:

Kentucky Office of Energy Policy and
The Kentucky NEED Project with support
from The U.S. Department of Energy

Kentucky's High Performance School (HPS) Journey

"Our Path"

KEEPS - a systematic approach to help Kentucky school districts reduce energy consumption and lower operating expenses.

Based on the U.S. EPA Energy Star Guidelines for Energy Management.

KEEPS Resources

- Energy Management Toolkits that provide information and materials to facilitate the development of school district energy management programs.
- Recorded webinars that demonstrate how to implement best energy management practices.
- The Basics of Energy Management training that provides information about the fundamentals of energy management

Delivered by Kentucky Pollution Prevention Center, University of Louisville

"Our Path"

Executive Order 2006-1298

The Office of Energy Policy shall implement education programs for energy efficiency to reduce energy use and to reduce utility bills for the citizens of the Commonwealth.

Legislation HB 2 April 2008

On or before January 2010 require boards of education to enroll in the Kentucky Energy Efficiency Program for Schools requiring annual reporting to the legislature.

"Our Path"

Kentucky School Energy Managers Project (SEMP)

Provides assistance to Kentucky school districts on a variety of energy-related projects:

- compliance to energy statutes and board policy;
- coordinating and conducting training for school energy managers;
- supporting districts in tracking energy usage;
- consolidating energy data;
- developing and implementing energy policies;
- collaborating with other stake holders to work on energy saving activities
- Administered by the KY School Boards Association
